

Dear FCC,I AM EXTREMELY OPPOSED TO THE BPL BEING USED. IT WILL CAUSE A PROBLEM OF INTEFERENCE ON AN ALREADY CONGESTED BAND PLAN. IN AN EMERGENCY SITUATION THE INTERFERENCE COULD BE COUNTED IN LIVES IF THE INTEFERENCE WERE TO PREVENT CRITICAL COMMUNICATIONS FROM BEING CONDUCTED. THIS IS A BAD IDEA FROM THE START AND IT NEEDS TO BE RE-THOUGHT FOR THE CONSIDERATION OF ALL THE AMATEUR RADIO OPERATORS IN THE WORLD WHO MAY BE AFFECTED BY THE PROBLEMS IT WILL CAUSE. I CAN NOT SEE A BENEFIT TO THE SITUATION OF USING BPL TO PROVIDE ANY COMMUNICATIONS THAT WILL CAUSE HARM TO THE AMATEUR HF SPECTRUM, WHEN THE AMATEUR RADIO OPERATORS PROVIDE A FREE SERVICE TO THE COMMUNITY AND THE GOVERNMENT VIA MARS OPERATORS, OF WHICH I AM. PLEASE FEEL FREE TO CONTACT ME ABOUT ANY COMMENTS IN THIS COMMUNICATION. AMATEUR CALL: W4WNY, NAVY MARINE CORPS MARS CALLSIGN: NNNXIWW.

THANK YOU FOR YOUR TIME,
STEVEN E. HELMS
